The Committee shall be responsible for enforcing and maintaining the architectural integrity of improvements constructed on the lots and the quality of workmanship and materials utilized in the construction of such improvements in conformance with the restrictions herein. An action approved by a majority of the members of the Committee shall be deemed to be an act of the Committee. The duties and powers of the Committee and its successors shall cease on December 31, 1986, at which time the duties of the Committee shall be fulfilled and its powers exercised by the Board of Directors of the Association. Without limiting the foregoing, the total assessments accumulated by the Association, insofar as the same may be sufficient, shall be applied toward the payment of all taxes, insurance premiums and repair, maintenance and acquisition expenses incurred by the Association and, at the option of the Board of Directors of the Association, for any and all of the following purposes: lighting, improving and maintaining streets, alleyways, sidewalks, paths, parks, parkways, easements, and esplanades in the Properties; collecting and disposing of garbage, ashes, rubbish and materials of a similar nature; payment of legal and all other expenses incurred in connection with the collection, enforcement and administration of all assessments and charges and in connection with the enforcement of this Declaration; employing policemen or watchmen and/or a security service; fogging and furnishing other general insecticide services; providing for the planting and upkeep of trees, grass and shrubbery in esplanades, easements, and in the Common Area; acquiring and maintaining any amenities or recreational facilities that are or will be operated in whole or in part for the benefit of the Owners; and doing any other thing necessary or desirable in the opinion of the Board of Directors of the Association to keep and

The judgment of the Board of Directors of the Association in establishing annual assessments, special assessments and other charges and in the expenditure of said funds shall be final and conclusive so long as said judgment is exercised in good faith.

SECTION 3. MAXIMUM LEVEL OF ANNUAL ASSESSMENTS. The maximum annual assessment for 1981 shall be \$130 per Lot. Each year thereafter the maximum annual assessment may be increased by the Board of Directors of the Association at its sole discretion, by an amount equal to a ten percent (10%) increase over the maximum assessment for the previous year without a vote of the Members of the Association. The maximum annual assessment may be increased above ten percent (10%) by a vote of two-thirds (2/3rds) of the Members who are voting in person or by proxy, at a meeting duly called for this purpose. After consideration of current maintenance costs and future needs of the Association, the Board of Directors may fix the annual assessment at any amount not in excess of the maximum. Annual assessments may be collected on a monthly basis at the Board's election.

SECTION 4. SPECIAL ASSESSMENT FOR CAPITAL IMPROVEMENTS. In addition to the annual assessment authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only, for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, or repair or replacement of a capital improvement located upon the Common Area, including fixtures and personal property related thereto, provided that any such assessment shall have the assent of two-thirds (2/3rds) of the votes of the Members who are voting in person or by proxy at a meeting duly called for this purpose. Special assessments may be collected on a monthly basis at the Board's election.

SECTION 5. NOTICE AND QUORUM. Written notice of any meeting called for the purpose of taking any action authorized under Sections 3 or 4 above shall be sent to all Members not less than 30 days nor more than 60 days in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast sixty percent (60%) of all the votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meetings. No subsequent meeting shall be held more than 60 days following the preceding meeting.

SECTION 6. RATES OF ASSESSMENT. Both annual and special assessments on all Lots, whether or not owned by the Declarant, shall be fixed at uniform rates provided, however, the rate applicable to Lots that are owned by Declarant or a Builder and are not occupied as residences shall be equal to one-half (1/2) of the full assessment as set by the Board of Directors of the Association. The rate of assessment for each Lot shall change as the character of ownership and the status of occupancy changes.

SECTION 7. DATE OF COMMENCEMENT AND DETERMINATION OF ANNUAL ASSESSMENT. The annual assessment provided for herein shall commence as to all Lots on a date fixed by the Board of Directors of the Association. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors of the Association shall fix the amount of the annual assessment to be levied against each Lot at least thirty (30) days in advance of each annual assessment period. Written notice of the figure at which the Board of

Directors of the Association has set the annual assessment shall be sent to every Owner whose Lot is subject to the payment thereof. The due dates shall be established by the Board of Directors of the Association. The Association shall, upon demand, and for reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid. A properly executed certificate of the Association as to the status of assessments on a particular lot is binding upon the Association as of the date of its issuance.

SECTION 8. EFFECT OF NONPAYMENT OF ASSESSMENTS; REMEDIES OF THE ASSOCIATION. Any assessments or charges which are not paid when due shall be delinquent. If an assessment or charge is not paid within thirty (30) days after the due date, it shall bear interest at the rate of ten percent (10%) per annum from the due date and the Association may bring an action at law against the Owner personally obligated to pay the same, or to foreclose the lien herein retained against the property. Interest as above specified, costs and reasonable attorney's fees incurred in any such action shall be added to the amount of such assessment or charge. Each such Owner, by his acceptance of a deed hereby expressly vests in the Association or its agents, the right and power to bring all actions against such Owner personally for the collection of such assessments and charges as a debt and to enforce the lien by all methods available for the enforcement of such liens, including foreclosure by an action brought in the name of the Association in a like manner as a mortgage or deed of trust lien foreclosure on real property, and such Owner expressly grants to the Association a power of sale and non-judicial foreclosure in connection with the lien. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of his Lot.

SECTION 9. SUBORDINATION OF THE LIEN TO MORTGAGES. As herein above provided, the title to each Lot shall be subject to a lien securing the payment of all assessments and charges due the Association, but the lien shall be subordinate to the lien of any first mortgage. Sale or transfer of any Lot shall not affect the lien in favor of the Association provided, however, the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof shall extinguish the lien securing such assessment or charge as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot or the Owner thereof from liability for any charges or assessments thereafter becoming due or from the lien thereof. In addition to the automatic subordination provided for hereinabove, the Association, in the sole discretion of its Board of Directors, may subordinate the lien securing any assessment provided for herein to any other mortgage lien or encumbrance, subject to such limitations, if any, as the Board of Directors may determine.

SECTION 10. EXEMPT PROPERTY. All properties dedicated to, and accepted by, a local public authority and all properties owned by a charitable or non-profit organization exempt from taxation by the laws of the State of Texas shall be exempt from the assessments and charges created herein. Notwithstanding the foregoing, no Lot which is used as a residence shall be exempt from said assessments and charges.

SECTION 12. EXTERIOR ANTENNAE. No radio or television wires or antennae shall be placed so as to be visible to public view from any Street.

SECTION 13. FHA SCREENING FENCES. Except as otherwise provided herein, plants, fences or walls utilized in protective screening areas as shown on the Subdivision Plats or as required by FHA or VA shall be maintained to form an effective screen for the protection of the Subdivision throughout the entire length of such areas by the Owners of the Lots adjacent thereto at their own expense. If the FHA or the VA shall require said protective screening areas, then, whether or not the residence on any Lot affected by the screening requirements is built according to FHA or VA specifications, all screening devices shall be constructed according to FHA or VA requirements.

SECTION 14. SIDEWALKS. Before the construction of any residence is completed, the Builder shall construct in all adjacent street rights-of-way a concrete sidewalk four (4) feet in width, approximately parallel to the street curb and two (2) feet from the lot line. The sidewalk shall extend the full width of the Lot. On Corner Lots the sidewalk shall extend the full width and depth of the Lot and up to the street curb at the corner. Pursuant to Federal law, curbs with accompanying sidewalks shall have curb ramps (depressions in the sidewalk and curb) at all crosswalks to provide safe and convenient movement of physically handicapped persons confined to wheelchairs. Such curb ramps will be provided at the time of construction of any sidewalks.

SECTION 15. MINIMUM LOT SIZE IN RELATION TO RESIDENCE. Any person owning two or more adjoining Lots may subdivide or consolidate such Lots into building sites with the privilege of constructing improvements permitted herein; provided, however, no residence shall be erected on any building site within Dove Meadows, Section Six or Dove Meadows, Section 2 Extension having a width at the front of such site less than the shortest lot width at the front of any Lot as shown on the Subdivision Plat of the respective subdivision, and no residence shall be erected on any building site within such subdivisions having an area less than 6,000 square feet except for Lots having less than 6,000 feet on the Subdivision Plats, if any.

SECTION 16. MAILBOXES. Mailboxes, house numbers and similar matter used in the Subdivision must be harmonious with the overall character and aesthetics of the community.

SECTION 17. AIR CONDITIONERS. No window or wall type air conditioners shall be permitted in any residence, but the Committee, at its discretion, may permit window or wall type air conditioners to be installed if such unit or units will not be visible from any Street.

SECTION 18. PRIVATE UTILITY LINES. All electrical, telephone, and other utility lines and facilities which are located on a Lot and are not owned by a governmental entity or a public utility company shall be installed in underground conduits or other underground facilities unless otherwise approved in writing by the Committee.

SECTION 19. ENFORCEMENT OF LOT MAINTENANCE. In the event of the violation of any covenant herein by any Owner or occupant of any Lot and the continuance of such violation after ten (10) days written notice thereof, or in the event the Owner or occupant has not proceeded with due diligence to complete appropriate repairs and maintenance after such notice, Declarant or the Association shall have the right (but not the obligation), through its agents or employees, to enter upon such Lot and to secure compliance with these restrictions and restore such Lot to

a neat, attractive, healthful and sanitary condition. The Declarant or Association may render a statement of charge to the Owner or occupant of such Lot for the cost of such work. The Owner or occupant agrees by the purchase or occupation of the Lot to pay such statement immediately upon receipt. In the event of the failure to pay for such work, the amount of such statement may be added to the annual maintenance charge provided for herein and shall be secured by a lien on the Lot in the same manner as such annual charge. The Declarant, the Association, or their agents and employees shall not be liable, and are hereby expressly relieved from any liability, for trespass or other tort in connection with the performance of the maintenance and other work authorized herein.

ARTICLE VIII

EASEMENTS

SECTION 1. GENERAL. Easements for the installation and maintenance of utilities are reserved as shown and provided for on the Subdivision Plat or as dedicated by separate instruments. Neither Declarant nor any utility company or authorized political subdivision using the easements referred to herein shall be liable for any damages done by them or their assigns, agents, employees or servants, to fences, shrubbery, trees, flowers, improvements or other property of the Owner situated on the land covered by such easements as a result of construction, maintenance or repair work conducted by such parties or their assigns, agents, employees or servants.

SECTION 2. UNDERGROUND ELECTRICAL DISTRIBUTION SYSTEM. An underground electric distribution system will be installed within the Subdivision which will be designated an Underground Residential Subdivision and which underground service area shall embrace all lots in the Subdivision. The Owner of each Lot in the Underground Residential Subdivision shall, at his own cost, furnish, install, own, and maintain (all in accordance with the requirements of local governing authorities and the National Electric Code) the underground service cable and appurtenances from the point of the electric company's metering on customer's structure to the point of attachment at such company's installed transformers or energized secondary junction boxes, such point of attachment to be made available by the electric company at a point designated by such company at the property line of each Lot. The electric company furnishing service shall make the necessary connections at said point of attachment and at the meter. In addition, the Owner of each Lot shall, at his own cost, furnish, install, own and maintain a meter loop (in accordance with the then current standards and specifications of the electric company furnishing service) for the location and installation of the meter of such electric company for the residence constructed on such Owner's Lot. For so long as underground service is maintained in the Underground Residential Subdivision, the electric service to each Lot therein shall be underground, uniform in character and exclusively of the type known as single phase, 120/249 volt, three wire, 60 cycle, alternating current.

The electric company will install the underground electric distribution system in the Underground Residential Subdivision at no cost to Declarant (except for certain conduits, where applicable) upon Declarant's representation that the Underground Residential Subdivision is being developed for residential dwelling units which are designed to be permanently located where originally constructed (such category of dwelling units expressly to exclude mobile homes) which are build for sale or rent. Therefore, should the plans of Lot Owners in the Underground Residential Subdivision be changed and this Declaration be amended so as to permit the erection therein of one or more mobile homes, the company shall not be obligated to provide

electric service to any such mobile home unless (a) Declarant has paid to the company an amount representing the excess in cost, for the entire Underground Residential Subdivision, of the underground distribution system over the cost of equivalent overhead facilities to serve such Subdivision, or (b) the Owner of each affected Lot, or the applicant for service to any mobile home, shall pay to the company the sum of (1) \$1.75 per front lot foot, it having been agreed that such amount reasonably represents the excess in cost of the underground distribution system to serve such Lot over the cost of equivalent overhead facilities to serve such Lot, plus (2) the cost of rearranging and adding any electric facilities serving such Lot, which rearrangement and/or addition is determined by the company to be necessary. Nothing contained herein shall be construed to require Declarant to pay to the company an amount representing the excess in cost of the underground distribution system over equivalent overhead facilities.

The provisions of the two preceding paragraph shall also apply to any future residential development in reserve(s), if any, shown on the Subdivision Plats, as such plat exists at the execution of the Agreement for Underground Electric Service between the electric company and Declarant or thereafter. Specifically, but not by way of limitation, if an Owner in a former reserve undertakes some action which would have invoked the above per front lot foot payment if such action has been undertaken in the Underground Residential Subdivision, such owner shall pay the electric company \$1.75 per front lot foot unless the Declarant has paid the electric company as above-described. The provisions of the two preceding paragraphs do not apply to any future nonresidential development in such reserve(s).

Easements for the underground service may be crossed by driveways and walkways provided that the Builder or Owner makes prior arrangements with the utility company furnishing electric service and provides and installs the necessary electric conduit of approved type and size under such driveways or walkways prior to construction thereof. Such easement for the underground service shall be kept clear of all other improvements, including buildings, patios, or other pavings, and neither Builder nor any utility company using the easements shall be liable for any damage done by either of them or their assigns, their agents, employees, or servants, to shrubbery, trees, or improvements (other than crossing driveways or walkways provided the conduit has been installed as outlined above) of the Owner and located on the land covered by said easements.

SECTION 3. CABLE TELEVISION. The Association shall have the right to hereafter enter into a franchise or similar type agreement with one or more cable television companies and the Association shall have the right and power in such agreement or agreements to grant to such cable television company or companies the uninterrupted right to install and maintain communications cable and related ancillary equipment and appurtenances within the utility easements and right-of-ways dedicated by the Subdivision Plats or by separate instruments pertaining to the Subdivision. The Association, its successors and assigns, shall have the sole and exclusive right to receive and retain all income, revenue or other things of value paid or to be paid by such cable television company or companies pursuant to any such agreements.

ARTICLE IX

ENFORCEMENT

The Association or any owner of land included in the Properties shall have the right to enforce, by any proceeding at law or in equity, the covenants, conditions, restrictions, and liens contained herein. Failure of the Association or any such owner

to enforce any of the provisions herein contained shall in no event be deemed a waiver of the right to do so thereafter.

ARTICLE X

GENERAL PROVISIONS

SECTION 1. TERM. These covenants shall run with the land and shall be binding upon all parties and all persons claiming under them for a period of twenty (20) years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of ten (10) years each, unless an instrument signed by the owners of a majority of the Lots in the Subdivision has been recorded, agreeing to change or terminate the covenants herein, in whole or in part.

SECTION 2. SEVERABILITY. Invalidation of any one of these covenants by judgment or other court order shall in no wise affect any other provisions, which shall remain in full force and effect except as to any terms and provisions which are invalidated.

SECTION 3. GENDER AND GRAMMER. The singular wherever used herein shall be construed to mean or include the plural when applicable, and the necessary grammatical changes required to make the provisions hereof apply either to corporations (or other entities) or individuals, male or female, shall in all cases be assumed as though in each case fully expressed.

SECTION 4. TITLES. The titles of this Declaration of Articles and Sections contained herein are included for convenience only and shall not be used to construe, interpret, or limit the meaning of any term or provision contained in this Declaration.

SECTION 5. REPLATTING. Declarant shall have the right, but shall never be obligated, to resubdivide into Lots, by recorded plat or in any lawful manner, any reserve tracts contained within the Subdivision and such Lots as replatted shall be subject to these restrictions as if such Lots were originally included herein. A copy of each replat will be forwarded to the Association within thirty (30) days after the recording thereof.

SECTION 6. AMENDMENT. Subject to the provisions of Section 10 of this Article X, this Declaration may be amended by an instrument executed by the owners of two-thirds (2/3rds) of the Lots in the Subdivision. Any amendment must be recorded.

SECTION 7. ANNEXATION. Additional property may be annexed into the jurisdiction of the Association upon the consent of two-thirds (2/3rds) of the Members of the Association, provided, however, that upon submission to and approval by the FHA and the VA of a general plan of the entire development and approval of each stage of development, such additional stage of development may be annexed by Declarant without such approval by the Members. The owners of Lots in such annexed property, as well as all owners subject to the jurisdiction of the Association, shall be entitled to the use and benefit of all Common Area that may become subject to the jurisdiction of the Association.
